

JOTEX

Shoe Material Symbols

The label is normally broken down into two columns as shown. The icons on the left hand side shows the three parts of the shoe, upper, lining, and outer

UPPER 	LEATHER 
LINING & SOCK 	TEXTILE 
OUTER SOLE 	OTHER MATERIALS 

The **UPPER** Part, as shown, shows you the most visible part of the shoe, at the front and top

The **LINING/SOCK** part, as shown, describes the material used for the inside of the shoes, which gives support and comfort to your feet.

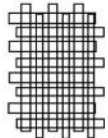

The **OUTER** part, as shown is the material used in the bottom of the shoes which protects your feet from the ground

LEATHER

The **LEATHER** Symbol represents the skin or hide from an animal. Although this icon specific about leather being used there are many types of leather

TEXTILE

The **TEXTILE** symbol means that a fabric has been used.

OTHER MATERIAL

The **OTHER MATERIALS** symbols normally refers to the outer sole of the shoes which, again, is a man made material. There are many materials used for the sole of the shoes such as PVC, Rubber, Pu, and Eva
